“ Until We Meet Again
Those special memories of you
will always bring a smile
if only I could have you back
for just a little while
Then we could sit and talk again
just like we used to do
you always meant so very much
and always will do too
The fact that you're no longer here
will always cause me pain
but you're forever in my heart
Until We Meet Again.

“ To my Handsome Father,
I know we weren't close when I was growing up but these past ten years you made up for that lost time for my family and I, and for that I'm thankful. You gave me precious memories to remember you by. I love you & miss you so much. I know you're looking down at us from heaven and I'm going to continue to be the strong man you always told me to be. I promise to continue checking up on grandma & Alice, and spend more time with my brother and sisters. Their all I have left from you. I'll make awesome memories with them just like you wanted me to. Until we meet again.

Your Son,

Alexander Zamarripa

“ My name is Yolie Diaz my husband Roy Diaz and our children Roy Jr, Rocky & Leylani have had the pleasure of being Alex's neighbor for a little over 14 years.. We will always know him as "Handsome" (that being Alices favorite word of endearment toward him.)
We could always count on him watering his plants shirtless and proud of his scar. His favorite request was a homemade sugarfree chocolate cake that I would always make with pleasure/pecans on top. In several occasions I would see him across the fence holding his box of cake and a can of frosting and I knew what it is he wanted. He will always be remembered by us. We will miss him dearly coming to our door every Christmas and showering us with gifts, thank you my neighbor for your generosity towards us.
You will be greatly missed.
May you rest in peace, you will always be in our hearts..

“ Daddy, there are no words to tell you how much I miss you. I love you so much and wish we had more time to make more memories. Thank you, for your early morning calls and leaving me messages to call you back. I tend to listen to them often and cherish them so dearly. You've always been in my heart and now I get to carry you everywhere I go. Love, Bernie.
